

COREA'S MURDERED QUEEN

DETAILS OF THE COUP D'ETAT IN WHICH SHE PERISHED.

Dragged from her bed, her throat cut, and her body burned—the King, in the Power of his Father, Proclaims that she is a Wicked Woman and Has Killed Herself, and He Reduces Her Rank.

TOKIO, Japan, Oct. 16, via San Francisco, Nov. 2.—The coup d'etat of Oct. 8 in Seoul, originally represented as a mere military enterprise, proves to have been a serious political disturbance. It was, in short, an indirect outcome of the long struggle between the Ming faction, headed by the Queen, and the faction under the leadership of the King's father, the late King, and a direct result of the Queen's attempt to restore her own power and to re-introduce all the abuses and corruption of pre-reform days.

At 2 A. M., on Oct. 8, a battalion marched out of the barracks, sending an escort to meet the late King, who set out for his country residence at the same hour. After a brief delay, due to confusion of routes, the old Prince found himself at the head of the troops approaching the palace gate. The palace guards, however, refused to open the gates and offered a desultory resistance, but were overcome by the force of the troops, and the death of the Queen.

KANE'S SUCCESSOR.

The New and Successful Method of Curing the Wasting Diseases of Men, Sterility, and also Varicocele, Hydrocele, and Stone in the Bladder without Cutting, Pain, or Confinement.

There can be no doubt but that the mantle of Philippe Ricord, the great specialist in Diseases of Men, has fallen upon the shoulders of a worthy successor and an American. Dr. H. H. Kane of New York City, who spent five years under the direct tutelage of the great Frenchman and in the wards of the Hospital du Midi, has not only carried out with success the wonderful methods of his teacher, but has inaugurated new operations and new methods that are far in advance of anything known in this country at the present day.

Under his treatment, which is both simple and scientific, Sterility, Falling Powers, Drainage, Sexual Neurasthenia, or Exhaustion of Nerve Force rapidly disappear and are replaced by a condition of strength, virility, and nerve power that are a revelation to the patient.

Dr. Kane also cures Varicocele and Hydrocele at any age, without pain or confinement, by a method peculiarly his own, and can and does refer to cured and living patients in every part of the United States, who may be consulted as to results by mail or in person.

A special blood poisoning Dr. Kane's treatment, without pain or confinement, stands unparalleled for rapidity, safety, and certainty.

Series of Lombard Clinical Lectures on the Nature and Treatment of Varicocele, Hydrocele, Bladder, Prostatic, and Kidney Diseases, Stricture, Gleet, and Neurasthenia will be sent sealed to any address.

Hours: 10-12 A. M. 2-4 P. M. No fee of any kind required until the certainty of perfect results is proved beyond a question.—Ad.

ARCHIBALD LOSES HIS FAT JOB. The Harassed Sheriff Traces a Tammany Man to Warden in Ludlow Street.

Shed of Tammany had been his second. Warden of Ludlow street jail, James P. Archibald, a barber, was dismissed for allowing Russell, Killoran, and Allen, the Post Office burglars, to walk out of the jail on Fourth of July morning. The second, James P. Archibald of the Sheriff's control, not in executive session and discussed the pros and cons of Archibald's case. The question that was debated was whether the Sheriff should be relieved of his duties.

The Sheriff, whose fortune with reform Warden, was referred to the fact that he had yesterday to a Tammany man, George W. Walger, who has been a deputy in the office for nearly ten years. Mr. Walger said he didn't want the place. But the Sheriff made him act. He had to go to the office and he was to be persuaded to accept the post permanent.

Yesterday morning Sheriff Tammen, Herman Riddler, Edward Gross, and Charles P. Maclean, who had been in the office for nearly ten years, were referred to the fact that he had yesterday to a Tammany man, George W. Walger, who has been a deputy in the office for nearly ten years.

George W. Walger, who takes Archibald's place, was appointed deputy sheriff in 1881 by Sheriff Maclean. He has been in the office since then. Under Tammen he has been "arrested" and has had charge of orders of arrest. He has been in the office since then.

Walger takes charge as Warden right away on probation. He is a Tammany man and very capable in the position he has held heretofore.

Other buildings there, which contained over 500 infants, were not damaged, but nearly 100 of the infants were rescued. The fire was caused by a gas lamp.

AMUSEMENTS.

The Symphony Concert—First Appearance of Marcell.

When the regular series concerts begin their round it may be said that "the season" has indeed commenced. With the enterprise and vigor which characterizes Mr. Damrosch he appears now first in the field, ahead of the Philharmonic and other expected stand-bys, giving the Symphony Society's first performance on Friday afternoon and Saturday evening of last week.

It is hardly possible to find an evening of last week. As an interesting novelty, the first coming of that enterprising conductor, the Philharmonic and other expected stand-bys, giving the Symphony Society's first performance on Friday afternoon and Saturday evening of last week.

THE BUNKY MURDER MYSTERY. The District Attorney Moves to Discharge the Douglas Brothers—Another Arrest.

JAMESTOWN, N. Y., Nov. 2.—The preliminary hearing in the case of the Douglas brothers, charged with the murder of Mrs. Davidson, Mrs. Shearman in Bust last December, took place in Panama today. District Attorney Woodward asked Justice Croas to discharge the prisoners for lack of evidence, and was vigorously opposed by Walter L. Sessions, who has been working up the case for some time. J. B. Fisher, counsel for the defendants, took the case to the jury, and insisted that Sessions was working the case for what he could get out of the county. The District Attorney's action caused a sensation. Justice Croas this afternoon announced that the request to discharge the case was refused. The examination was then adjourned until 10 A. M. Monday.
